

MELTECA®

COLOUR RANGE

MELTECA®

MELTECA® DECORATED BOARD is a versatile pre-decorated panel with a durable melamine surface on both sides. Melteca is the right choice for cupboards, drawers, shelving, furniture and vertical applications. Each colour in the range has matching PVC or ABS edging. It is available in a naturale, pearl, stipple or Puregrain finish with select colours also available in Hi-Gloss. See the Melteca availability guide at melteca.co.nz for finish options.

NOTE Due to slight variations in manufacturing conditions, minor colour variations from the original sample may occur.

MELTECA PUREGRAIN™

MELTECA® Puregrain is the perfect substitute for natural wood products. It gives you all the benefits you'd expect of Melteca Decorated Board and its subtly textured finish not only looks like natural wood, but feels like it too. Puregrain finish is available in any décor from the extensive Melteca colour range.

MELTECA Puregrain is sampled in:

Refined Oak

Seasoned Oak

Tawny Linewood

Slalom

Hotham Oak

Ebony Bellezza

Charred Oak

Limed Ash

Melteca® Decorated Boards are Environmental Choice New Zealand Certified Products. Melteca® is marketed, manufactured and distributed by The Laminex Group, **a member of the Fletcher Building Group**. The colours of the photographs and swatches depicted in this brochure are as close to the Melteca range as modern photographic, lighting and printing processes allow. The colour/finish combinations shown are available at the time of publication, but are subject to availability and may be withdrawn at any time. Melteca is no different from any other material in that darker colours and gloss finishes will always show scratches and superficial wear and tear more readily than lighter colours or lower gloss finishes. Such surfaces require more care and maintenance and The Laminex Group recommends the use of laminate cleaning products (or mild household cleaning products). Please visit our website, melteca.co.nz, for specific care and cleaning information. Note that in certain lights or from different angles wipe down marks may be visible after cleaning. Melteca should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. When ordering a décor for one job we recommend using the same sheet size (i.e. all 1220mm wide or 1830mm wide) due to the slight colour variances that can occur between different paper runs. Please obtain a copy of the terms and conditions of the Melteca 7 Year Limited Warranty from The Laminex Group or visit melteca.co.nz. This warranty is in addition to any rights that may exist under the Consumer Guarantees Act (1993).
