

PARKWOOD

MAKE AN ENTRANCE

Congratulations on your purchase of a Parkwood door!

As the product can easily be damaged, please be responsible to take care and wrap or cover it with some protection to ensure it is in good condition before and after coating, until site work is finished. Enjoy your door for years and years to come.

**Both sides of the door must be coated in the same product and colour.
A dark colour one side and a light colour the other can cause the door to bow.**
