

# STERILISED PLAY SAND™ (SPS018)

## DESCRIPTION:

STERILISED PLAY SAND is a scientific formulation of graded sand which has had all organic matter removed and sterilised to prevent infection and provide a clean healthy play area and supplied dry.

## RECOMMENDED USE

It is generally used for:

- School and kindergarten play pit areas
- Hospital play areas
- Home play areas
- Commercial businesses wanting sterilised sand

## COMPOSITION & MATERIALS

STERILISED PLAY SAND consists of a uniformly blended, properly proportioned mixture of sands which have been sterilised at 400°C. All organic matter has been removed. Fine sands are removed to prevent it dissipating in the area or getting blown into children's eyes.

## PACKAGING

- 18kg bags
- Bulk bags available

## YIELD

One 18kg bag of STERILISED PLAY SAND is approximately .0146m<sup>3</sup>. (68 bags per m<sup>3</sup>).

## DIRECTIONS FOR USE

1. Excavate the area required and border the area with edging.
2. Thoroughly empty and clean the pit of any existing sand or soil.
3. For excellent results you can lay weed mat which will prevent any weeds or foreign bodies getting into area but will still allow drainage.
4. Fill area to just below border and throw in the toys!
5. Keep the sand pit covered when not in use.
6. Change the sand at least every four months.

## TECHNICAL DATA

Sand heated to 400°C for sterilization.

## STORAGE

Store all cement products in a cool dry area and use within 6 months.

## WARNINGS

This product may contain Crystalline Silica.

## RISK

Crystalline Silica may cause respiratory, skin and eye irritation. Repeated inhalation may cause bronchitis, silicosis and lung cancer and increase risk of scleroderma.

## SAFETY

Avoid contact with eyes and skin, both from wet and dry mix. Do not breathe in dust. Wear suitable protective clothing, gloves, eye protection and barrier cream. Wear a suitable dust mask. Wash thoroughly after handling and properly store any leftover material.

## FIRST AID

Irrigate eyes with plenty of water and seek medical advice immediately.

## SPILLS AND LEAKS

Keep out of sewers and stormwater drains and dispose of any leftover material as trade waste in accordance with local authority guidelines.
